

Job Title: Pair of Experienced Ventilation Hygiene Operatives.

## Full Time Permanent Positions

### Job Description

Experienced kitchen extract ductwork cleaners required to work as part of a team in the London area. Main duties include cleaning of ventilation ductwork, plant and associated system components, general cleaning works, fitting of access doors to ventilation systems and installation of filters to ventilation plant.

We would prefer at least two years experience.

This work is carried out during the night-shift and the salary offered reflects this. Salary dependent on level of experience in the field and negotiable for the right candidate.

You will be IT literate and able to produce clear and precise information via photos and emails of works completed.

All equipment including van and uniform provided.

The successful candidate will have a full clean driving license.

The successful candidates will ideally hold the certificates detailed below, but if not will be provided training to meet these requirements.

- CSCS,
- HVACR Ductwork,
- Confined Space
- Working at height
- Basic MEWP.

This role requires overnight working. Location: London

Basic Wages: £27,000 - £30,000 plus London Weighting
